### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**Claim 9, line 4. The word "ambered" has been amended to read --cambered--.**

2. Authorization for this examiner's amendment was given in a telephone interview with Luke Pederson on 22 June 2004.

### **EXAMINER'S REASONS FOR ALLOWANCE**

3. The reasons for allowance are properly indicated in the previous Office action (May 6, 2004). As stated in Applicant's reply, the Affidavit submitted 15 April 2003 ("Affidavit") was not considered in the most recent Office action and the claims are allowable for the reasons indicated in the May 6<sup>th</sup> Office action.

Additionally, however, in Applicant's response on 04 June 2004 Applicant requested that the Affidavit "be withdrawn from consideration in the present application, and any related applications." As a point of clarification for the record, the Affidavit is not withdrawn from consideration in the present application or any related applications. The Examiner confirms that the claims in the instant application distinguish over the cited prior art (including the Stephens reference) for the reasons indicated, and notes that said Affidavit is still part of the record.

Art Unit: 3679

Applicant's request falls short of expunging the Affidavit from the record in accordance with MPEP §§724.05-724.06 and is not, therefore, precluded from being considered in related applications.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
